SENIOR LIVING COMMUNITIES

Respite Care

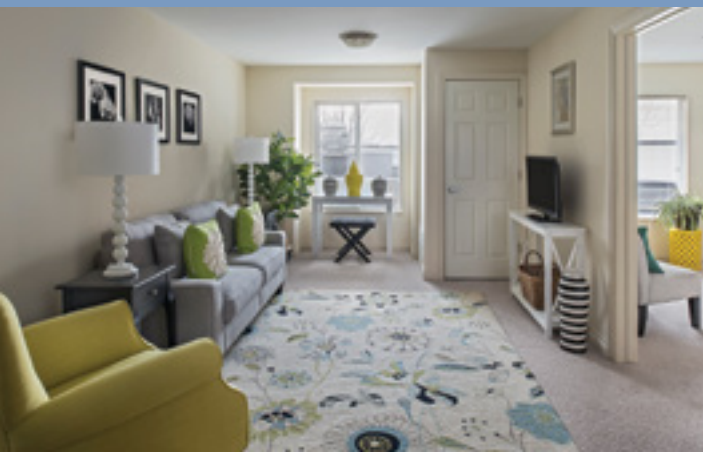

It Matters to Us...

YOU GET THE REST YOU NEED.

Welcome to American House Senior Living Communities Respite program. Respite care is often used for recovery after surgery, discharge from the hospital, or when a caregiver is away.

Our Respite Care program is available as an interim solution. Our program accommodates life events requiring a healthful, soothing and longer recovery time after surgery, outpatient services or hospital discharge.

American House Senior Living Communities, founded in 1979, is committed to enriching the lives of those we serve and providing an environment that fosters meaningful relationships. To learn more about our communities, please visit: **AmericanHouse.com**

*A living room in a typical one-bedroom unit.
Floor plans vary by community.*

REST AND RESTORE YOUR HEALTH

REST. RENEW. RESTORE.

At American House, we understand the need for rest, following outpatient procedures and hospital stays. We offer short- or long-term respite care services when you, or a caregiver, need it most.

Our comfortable, nicely appointed, respite apartments are available for your rest and recovery. This enables you to focus on what's most important: restoring your health in a pleasant, supportive environment.

Experience all the comforts of home, including a beautifully-furnished apartment, chef-prepared meals, weekly housekeeping and much more.

RESPITE OFFERINGS.

Some of the amenities and services you'll receive are:

- Maintenance-free, furnished apartments
- Chef-prepared meals
- Weekly housekeeping and laundry services
- Assistance with Activities of Daily Living and physical therapy
- Access to community activities and outings
- Spiritual services
- Personal and scheduled transportation
- Utilities included
